Prospect Knolls B / Dewey Hill G Neighborhood Roadway Improvements

Dear Resident:

Project Schedule

Remember, on-street parking during reconstruction is not allowed in areas where crews are working.

This week, crews installed the first layer of asphalt for the Prospect Knolls B area.

Next week, crews will begin with the restoration phase of Prospect Knolls. During this time, six inches of topsoil will be installed wherever construction activities disturbed the yards. Irrigation and pet fences will also be repaired.

Crews will also begin utility upgrades and repairs throughout the Dewey Hill project area.

Remember to routinely check your front door for time-sensitive notices. All schedules are weather-dependent and are subject to change.
